

Small Business COVID-19 Resilience Checklist

Follow Facemask Rules

Snap a picture of the QR code to learn about the cheapest mask sold in bulk.

Encourage Vaccination Use

Indoor customers must show proof of vaccination. Make sure employees know that they may not come to work if sick, or if they are under isolation or quarantine orders.

Create Safe Work Environments

All employees wear a face mask while working indoors, in shared vehicles, and at outdoor Mega Events, regardless of vaccination status. Indoor customers above the age of 2 must wear a mask indoors, always.

Make Meal and Breaks Safer

Limit number of employees in the breakroom and enforce physical distancing by reconfiguring breakroom. Encourage employees to eat outdoors, or alone in a closed office.

Buffer Employee Vulnerability

Reinforce paid leave, protect employees with co-morbidities, enforce physical distancing, and implement flexible work hours and hybrid/remote working options.
